

Taklimat Piawai Dan Kriteria Kebangsaan Kualiti Air Tasik (National Lake Water Quality Criteria And Standards – NLWQS) – 15 Julai 2021

Majlis Sumber Air Negara (MSAN) ke-12 telah bersidang pada 12 Ogos 2017 telah bersetuju untuk Piawai dan Kriteria Kebangsaan Kualiti Air Tasik (National Lake Water Quality Criteria and Standard (NLWQS)) digunakan oleh semua pemilik dan pengurus tasik dan takungan air (semula jadi dan buatan) bagi meningkatkan jaminan kualiti air tasik untuk semua sector pengguna. Susulan daripada itu, NAHRIM telah mengadakan siri taklimat kepada pihak berkepentingan. Satu siri taklimat telah diadakan pada 15 Julai 2021 secara atas talian kepada pemilik dan pengurus tasik dan takungan air bagi negeri Kedah, Pulau Pinang, Perak, Sabah, Sarawak dan Wilayah Persekutuan Labuan.

Seramai 53 peserta daripada pelbagai agensi seperti Unit Perancang Ekonomi Negeri, Pejabat Tanah dan Daerah, Jabatan Alam Sekitar Negeri, Jabatan Pengairan dan Saliran Negeri dan juga wakil daripada syarikat operator air. Taklimat ini dipengerusikan oleh YBrs. Timbalan Ketua Pengarah NAHRIM, Ir. Mohd Zaki bin Mat Amin dan pembentangan oleh Y.Brs. Dr. Zati binti Sharip, Ketua Unit Tasik, Pusat Kajian Kualiti Air dan Alam Sekitar (PKKAAS), NAHRIM. Antara maklumbalas pemilik dan pengurus adalah mereka bersedia mengguna pakai NLWQS dengan bantuan kepakaran teknikal daripada NAHRIM seperti persampelan, pemilihan parameter serta pemilihan stesen pemantauan. Susulan daripada maklumbalas tersebut, NAHRIM bersedia untuk menjalankan latihan teknikal berkaitan berdasarkan permintaan daripada pihak pengurus dan pemilik tasik dan takungan air.

Roadshow on National Lake Water Quality Criteria and Standards (NLWQS)

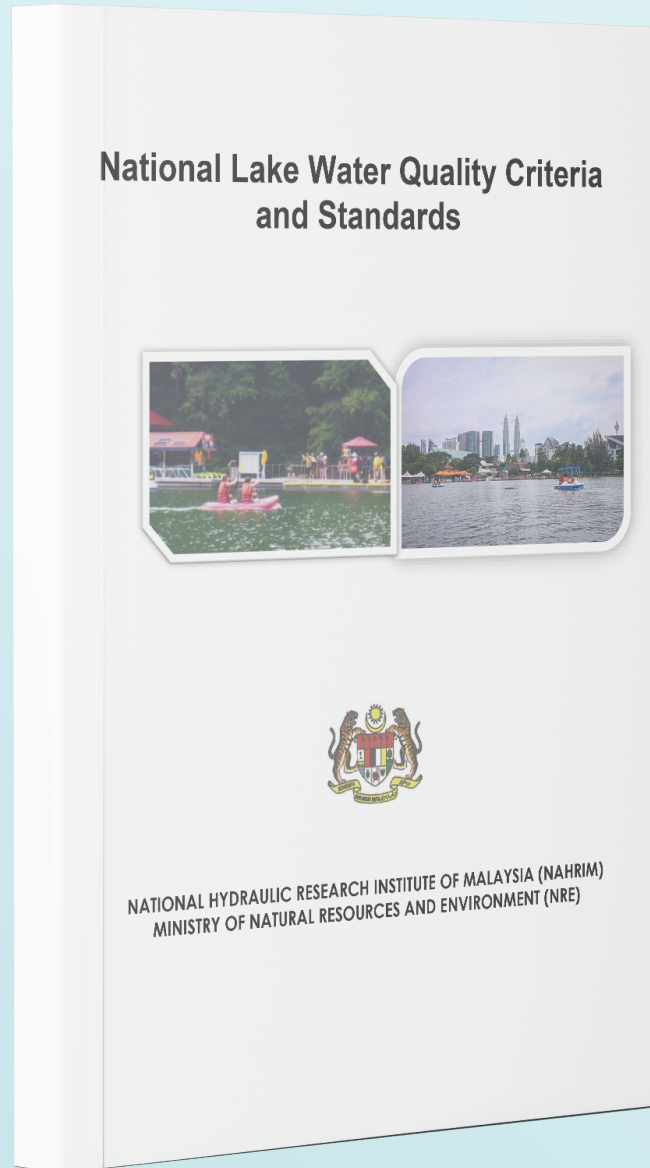

The 12th National Water Resources Council (MSAN) convened on 12th August 2017 has agreed for the National Lake Water Quality Criteria and Standard (NLWQS) to be applied by all owners and managers of lakes and water reservoirs (Natural and man-made) to improve lake water quality assurance for all consumer sectors. Following that, NAHRIM has held a series of roadshows to stakeholders. A series of roadshows were held online on 15th of July 2021 for owners and managers of lakes and water reservoirs for the states of Kedah, Penang, Perak, Sabah, Sarawak and the Wilayah Persekutuan Labuan.

A total of 53 participants from various agencies such as the State Economic Planning Unit, Land and District Office, State Environment Department, State Irrigation and Drainage Department and also representatives from water operator companies. This briefing was chaired by YBrs. Deputy Director General of NAHRIM, Ir. Mohd Zaki bin Mat Amin and presentation by YBrs. Dr. Zati binti Sharip, Head of Lake Unit, Center for Water Quality and Environmental Studies (PKKAAS), NAHRIM. Among the feedback from owners and managers are that they are ready to adopt NLWQS with the help of technical expertise from NAHRIM such as sampling, parameter selection and selection of monitoring stations. Following the feedback. NAHRIM is always ready to conduct relevant technical training based on requests from managers and owners of lakes and water reservoirs.
